

THE LOOP STEP BY STEP

Loc on the saddle

Departure from the marina. Before leaving the **marina (1)**, admire the **Perdrix lighthouse (2)**, with its unique checkerboard pattern, and walk along the promenade **Éric Tabarly (3)**. Take **rue Rémy Le Lay**, then turn right onto **rue des Perdrix**. Continue straight on for 1.3 km, and make sure you visit to the **Croaziou chapel (5)**. At the second roundabout after the chapel, turn right and continue for 600 m towards the **Manoir de Kérazan (6)**. Cycle along the road and then around the car park to retrace your steps. At the roundabout, turn left towards **Domaine du Dourdy (7)**. At the end of the road, turn right and continue straight ahead to follow the footpath. You will reach the levee of the **old Pen Ar veur tide mill (8)**. At this point on the route, stay on the path and dismount after the bridge: rocks are all over the path, making it difficult to cycle.

After 800 m, turn left at the roundabout. Follow the cycle lane and then take the first road on the right. At the crossroads, turn left towards the **church (11)**. Just behind the church is the **Pors Bihan chapel (12)**. To set off again, take the road that passes in front of the church. After 250 m, turn left at the crossroads, go straight on and turn right at the end of the road. Pedal to the next roundabout and take the second exit towards the **nautical centre (14)**. At the beach, turn left. Here you can put your feet in the water.

At the end of the beach, turn left into **rue de Langoz** and go as far as the first roundabout. Turn right and then immediately right into rue du phare. Pedal to the end of the street to admire the **Langoz lighthouse (15)**. Retrace your steps and turn right to follow the cycle route. Turn left into rue de la palue, then left again into rue de la grandière, and you will reach rue du port. Go down towards the **fishing port (16)**. Just before, you will find the impasse du Nord on your right, with the **Le Gall Cannery museum at the end (17)**. Finish your tour by visiting this museum on the history of the **port of Loctudy**, in particular the history of the fish canning industry and the daily lives of Loctudists in the early 20th century. To return to the starting point, follow **rue des Perdrix** and turn right.
